you can use the following website to create a photo album, then download and link on your keynote

MIXBOOK

You will create a picture album of your trip

Your album will include everything you did on your trip

Your pictures will need captions

You will be able to describe and tell us about the pictures in your album (as if you were really there!)

You will refer to your itinerary so that you don't leave anything out!

You will "show and tell" Similar to Mr. Waltner and tell us everything about your trip/country/city

You will read and research about the places on your itinerary in order to tell the class about the places you went, things you saw.

You will use your creativity... maybe you saw a monkey while you were zip-lining through the jungle in Costa Rica!!

You will **use photo booth** in order to put yourself into some of the pictures.
